

## VOICE OF THE EDITOR

## New Grads and the Job Market

A **fascinating survey** answers some basic questions about the mindset of college students as they venture out into the job world. Some of the results are startling: fewer than 20% expect to get jobs through job fairs, recruiting agents, or employment agencies; almost 70% had at least one internship during college; more than 70% expect to make more than \$30,000 at their first post-college job; 45% expect to make more than \$40,000; 41% expect to stay one year at their first job, 38% expect to stay two years.

## TIP OF THE DAY

"When you know how to **use LinkedIn well...**

you'll access outstanding information and opportunities that you would previously have missed, and, ultimately, you'll increase your revenue."  
-- Mark Perl, LinkedIn advocate and trainer
