Not Too Young: CPA Firm Hires High Schoolers

The Minneapolis office of Baker Tilly has joined the work-study program at Cristo Rey Jesuit High School and has hired four high school students to job share, filling an administrative post in the firm. Through the school's Hire4Ed program, the students each work one day per week at the firm, and they take turns working one Friday per month. Not only are these students getting the benefit of real-life job experience while still in school, the firm fulfills its desire to participate in community outreach. Win-win!
