**VOICE OF THE EDITOR**

## Oh, You're Here for the Taxes?

So, this is the tax newsletter. I thought there'd be code citations all over this thing, but I guess not.

You'll be reading my words of wisdom (?) here every Wednesday, so I hope you like puns and random stories from my life. I know that will concern some of you because you subscribed to this newsletter to actually see code citations and debate obscure tax rules and whatnot, but some days you'll just have to settle for whatever pops into my brain. Hope that's okay with you all.

But FEAR NOT, you'll still get stories about taxes; they're right down there. Click on them. Read them. Comment on them. It's fun.

Have a great Wednesday,  
Caleb

**TAX HEADLINES**

### → IRS to Launch Fishing Expeditions for Pass-Through Entities

The IRS doesn't always try to catch the biggest fish in the pond. Case in point: It has announced it will devote more resources to auditing various pass-through entities instead of focusing on the traditional corporate targets.

### → AICPA Briefs Media on Three Pressing Tax Issues

On November 15, the AICPA held a conference call with various members of the media, including AccountingWEB. The briefing focused on three critical areas.

### → IRS Warns Consumers of Possible Scams Relating to Relief of Typhoon Victims

On November 15, the IRS issued a consumer alert about possible scams taking place in the wake of Typhoon Haiyan.

**THIS WEEK ON ACCOUNTINGWEB**

→ **Excel expert David Ringstrom** describes how to add decimal places on demand by way of using a custom number format.

→ **AICPA urges IRS** to develop and publicize a contingency plan in the event of another government shutdown.

→ Several of **Bernie Madoff's employees are now on trial**.

→ Recent TIGTA report says the **IRS needs to make virtual servers more secure**.
