VOICE OF THE EDITOR

Tax Bites Aren't the Only Bites

Ken Berry wrote a very helpful piece on the [complex tax scenarios for vacation homes](#). It makes a big difference to the IRS on whether you live in it, rent it out, or a little of both.

What he didn't address, however, was the particular issue with my family's vacation house, in Martha's Vineyard, off the coast of Massachusetts. This is where the movie *Jaws* was filmed back in 1975, at the very beach my family and I go to. To make it worse, *Time* reports that [the great white shark population is on the rise](#).

Seeing one of those sharks kind of puts tax deductions in perspective, doesn't it?

AccountingWEB wishes all its readers a happy and safe summer.
